## MONTHLY ARRIVALS FOR 2022

## SPECIFICS

The border police continued bringing migrants to the centers who were apprehended in smuggling incidents to be witnesses in criminal proceedings. The rest of the apprehended migrants were returned/pushed back to Greece. Mainly TTC Vinojug, but in some cases also TTC Tabanovce, served as a place for detaining migrants without any legal basis for the apprehended migrants. They are detained before they give their testimonial before the public prosecutor. The number of days in detention is different in every case and depends on the schedule of the public prosecutor. The minimum number of days of detention is 1 and the maximum is 5. The accommodated migrants are only a small fraction of the total number of the migrants who were apprehended in an attempt to cross state territory irregularly.
