MONTHLY ARRIVALS FOR 2022

SPECIFICS

In the reporting period, 3 asylum seekers have submitted an asylum request, all at TC Vinojug.

The border police continued with the practice of bringing migrants to the centers who were apprehended in smuggling incidents in order to be witnesses in criminal proceedings and the rest of the apprehended migrants were returned/pushed back to Greece. Mainly TC Vinojug, but in some cases also TC Tabanovce, served as a place for detaining migrants without any legal basis for the apprehended migrants. In TC Vinojug the practice of quarantine accommodation due to the Corona virus for the detained migrants prior to their testimony has ceased starting from 2022. However, they are still detained and locked in containers before they give their testimonial before the public prosecutor. The number of days in detention is different in every case and depends on the schedule of the public prosecutor. Minimum days of detention is 1 and maximum is 24. The accommodated migrants are only a small fraction of the total number of the migrants who were apprehended in an attempt to cross state territory irregularly.

During the reported period migrants from India and Cuba who were apprehended within the territory of the RNM or detained in TC Vinojug, were afterwards transported to TC Tabanovce. For the persons, the police issued decisions for expulsion from the country, but were returned outside of a formal procedure in Serbia or were left in TC Tabanovce.
